2023 YEAR 11 EXAMINATION

MATHEMATICS STANDARD 2

MARKING GUIDELINES

&

ADVICE FOR TEACHERS

Disclaimer

Every effort has been made to prepare this Examination in accordance with the NSW Education Standards Authority documents. No guarantee or warranty is made or implied that the Examination paper mirrors in every respect the actual HSC Examination question paper in this course. This paper does not constitute 'advice' nor can it be construed as an authoritative interpretation of NSW Education Standards Authority intentions. No liability for any reliance, use or purpose related to this paper is taken. Advice on HSC examination issues is only to be obtained from the NSW Education Standards Authority. The publisher does not accept any responsibility for accuracy of papers which have been modified.

IMPORTANT SECURITY ADVICE FOR EXAMINATION TASKS

By ordering and using QATs materials from Janison you are agreeing to the **Terms and Conditions** of sale, found at qats.com.au/QATs-Ts-and-Cs

Storage

This resource is protected by Copyright and sold on the condition that it is not placed on any school network, student management system or social media site (such as Facebook, Google Drive, OneDrive, etc.) at any time. It should be stored on a local device drive of the teacher who made the purchase.

Purchaser Use

This resource is for use in the purchasing school or institution only. **STRICTLY NOT FOR PRIVATE TUTOR USE.** You may not make copies, sell, lend, borrow, upload, or distribute any of the contents within the QATS product or produce, transmit, communicate, adapt, distribute, license, sell, modify, publish, or otherwise use, any part of the QATs product without our permission or as permitted under our [Terms and Conditions](#).

Embargo

Students must not take their Examination Assessment Tasks home/out of the classroom until the end of the embargoed period. This is to ensure the integrity of the task. In **NSW**, this period is mandated by QATs. In **VIC, QLD and SA** this period may be determined by individual schools based on specific school requirements. Teachers may go through papers and results with students in class during this period; however, papers must be collected and kept by the teacher at the end of the lesson (or similar). When the embargoed period has ended, assessments may be permanently returned to students.

Compliance and Task Editing

This task has been developed to be compliant with NESA assessment requirements, however, QATs does not guarantee or warrant compliance.

It may be necessary to edit or change this task for security or compliance purposes.

Permission is provided to do this for internal school purposes only. If so, care should be taken to maintain the quality of the material concerning its design and layout, including such elements as marking schemes, pagination, cross-referencing, and so on. QATs assumes no responsibility for the integrity of the task once it is changed. If you edit this task you **must**:

- **Remove the QATs and Janison logos** and all other references to QATs and Janison.
- **Select and copy 'Task' pages ONLY** into a new document. These are the only pages students will require to complete their assessment. Save with a school-/class-specific file/subject/outcome name. **Do not use the QATs file code.**
- **Remove all footer information** from all pages. The page 1 footer of QATs is usually set up differently from other pages. Insert your own footer information for your reference.
- **Remove all QATs header references** from all pages.
- Insert your school logo/identification on page 1 and other pages at your discretion.

Unless otherwise indicated and to the best of our knowledge, all copyright in the QATS product is owned by or licensed to Janison Solutions Pty Ltd (ABN 35 081 797 494) trading as QATs. If you reasonably believe that any content in our QATS product infringes on anyone's intellectual property rights or is the owner of the copyright and would like to request removal of the content, please email qatsadmin@janison.com

2023 Year 11 Examination

Mathematics Standard

Marking Guidelines

Section I

Multiple-Choice Answer Key

Question	Answer
1	B
2	D
3	B
4	D
5	A
6	B
7	B
8	C
9	D
10	B
11	B
12	A
13	B
14	C
15	D

Section II

Question 16

Criteria	Marks
• Provides correct solution	2
• Provides correct angle	1

Sample answer

$$\begin{aligned} \text{Area} &= \frac{90}{360} \times \pi \times 7^2 \\ &= 38.4845\dots \\ &= 38 \text{ cm}^2 \end{aligned}$$

Question 17

Criteria	Marks
• Provides correct solution	2
• Provides correct standard voice call/phone charge time	1

Sample answer

$$\begin{aligned} \text{Total charge} &= (\$0.40 \times 8) + (\$0.97 \times 4 \times 8) \\ &= \$34.24 \end{aligned}$$

Question 18

Criteria	Marks
• Provides correct solution	2
• Provides the yearly income	1

Sample answer

$$\text{Salary} = \$2\,875 \times 12 = \$34\,500$$

$$\text{New salary} = \$34\,500 \times 103.5\% = \$37\,707.50$$

Question 19

19 (i)

Criteria	Mark
Provides correct solution	1

Sample answer

Probability of not being caught = 0.6

19 (ii)

Criteria	Marks
Provides correct solution	2
Provides correct probability for one occasion	1

Sample answer

Probability = $(0.6 \times 0.4) + (0.6 \times 0.4) = 0.48$

Question 20

20 (i)

Criteria	Mark
Provides correct solution	1

Sample answer

$P = 24 + 24 + 12 + 12 + 12 + 12 = 96 \text{ cm}$

20 (ii)

Criteria	Marks
Provides correct solution	2
Provides area for one shape of the composite figure	1

Sample answer

Area = $(24 \times 12) + (12 \times 12)$
 $= 432 \text{ cm}^2$

20 (iii)

Criteria	Mark
Provides correct solution	1

Sample answer

$$\text{Volume} = 432 \times 20 = 8640\text{cm}^3$$

Question 21

Criteria	Marks
Provides correct solution	2
Provides the correct ratio of Year 12 students	1

Sample answer

$$\text{Total number of students} = 100 + 120 + 150 + 140 + 110 + 100 = 720$$

$$\text{Students} = \frac{100}{720} \times 50 = 7 \text{ students}$$

Question 22

Criteria	Marks
Provides correct solution	2
Provides correct expansion of brackets	1

Sample answer

$$\begin{aligned} 5(2y - 4) - 3(2y - 5) &= 10y - 20 - 6y + 15 \\ &= 4y - 5 \end{aligned}$$

Question 23

Criteria	Marks
• Provides correct solution	2
• Provides the correct value for the height	1

Sample answer

$$A \approx \frac{4}{2}(1.5 + 1.8) + \frac{4}{2}(1.8 + 1.5)$$
$$\approx 13.2 \text{ m}^2$$

Question 24

Criteria	Marks
• Provides correct solution	2
• Provides correct total degrees of difference	1

Sample answer

$$\text{Total degrees} = 24 + 47 = 71 \text{ degrees}$$

$$\text{Time} = \frac{71}{15} = 4 \text{ hours } 44 \text{ minutes}$$

Question 25

Criteria	Marks
• Provides correct solution	2
• Insert marking criteria	1

Sample answer

$$\text{Stamp duty} = (\$54\,200 - \$45\,000) \times 5\% + \$1\,350$$
$$= \$1\,810$$

Question 26

Criteria	Marks
• Provides correct solution	2
• Provides correct one year increase	1

Sample answer

$$\text{After 1st year} = \$55\,000 \times 1.02 = \$56\,100$$

$$\text{After 2nd year} = \$56\,100 \times 1.03 = \$57\,783$$

Question 27

Criteria	Marks
• Provides correct solution	2
• Provides correct total frequency	1

Sample answer

$$\text{Mean} = \frac{(0 \times 5) + (1 \times 8) + (2 \times 3) + (3 \times 2)}{18} = 1.11 \dots$$

Hence, 1 brother.

Question 28

28 (i)

Criteria	Marks
• Provides correct solution	2
• Provides correct area for triangle	1

Sample answer

$$\text{Area} = \left(\frac{1}{2} \times 4 \times 3.5 \right) \times 6 = 42 \text{ cm}^2$$

28 (ii)

Criteria	Marks
• Provides correct solution	2
• Provides correct volume in volume units	1

Sample answer

$$\text{Volume} = 42 \times 25 = 1\,050 \text{ cm}^3$$

$$\text{Capacity} = 1050 \div 1000 = 1 \text{ L}$$

Question 29

Criteria	Marks
• Provides correct solution	2
• Provides correct time difference	1

Sample answer

$$\text{Time difference} = 16 \text{ hours}$$

$$\text{Time in Chicago} = 8 \text{ pm Thursday} + 3 \text{ hours} = 11 \text{ pm Thursday}$$

Question 30

30 (i)

Criteria	Marks
• Provides correct solution	2
• Provides correct tax bracket	1

Sample answer

$$\text{Tax payable} = ((\$98\,750 - \$45\,000) \times 0.325) + \$5\,092 = \$22\,560.75$$

30 (ii)

Criteria	Mark
• Provides correct solution	1

Sample answer

$$\text{Medicare levy} = \$98\,750 \times 2\% = \$1\,975$$

30 (iii)

Criteria	Marks
• Provides correct solution	2
• Provides correct total tax owed	1

Sample answer

$$\text{Total tax owed} = \$22\,560.75 + \$1\,975 = \$24\,535.75$$

$$\text{Tax refund} = \$28\,080 - \$24\,535.75 = \$3\,544.25$$

Hence, Anton will receive a refund of \$3 544.25

Question 31

Criteria	Marks
• Provides correct solution	2
• Provides correct kilojoules burnt for incorrect weight	1

Sample answer

$$\text{Total kilojoules} = \left(\left(\frac{40}{60} \times 23 \right) + \left(\frac{10}{60} \times 22.1 \right) + \left(\frac{70}{60} \times 34.1 \right) \right) \times 55 = 3234 \text{ kJ}$$

Question 32

Criteria	Marks
• Provides correct solution	2
• Provides correct moving of one part of equation	1

Sample answer

$$\frac{x}{2} + 3 = 12$$

$$\frac{x}{2} = 9$$

$$x = 18$$

Question 33

Criteria	Marks
• Provides correct solution	3
• Provides correct value of k	2
• Provides correct equation	1

Sample answer

$$t = \frac{k}{s^2}$$

$$\frac{20}{60} = \frac{k}{4^2}$$

$$k = \frac{16}{3}$$

$$t = \frac{16}{3s^2}$$

$$t = \frac{16}{3 \times 8^2}$$

$$t = \frac{1}{12} = 5 \text{ minutes}$$

Question 34

34 (i)

Criteria	Mark
Provides correct solution	1

Sample answer

$$C = \frac{5}{9}(75 - 32) = 24^{\circ}C$$

34 (ii)

Criteria	Marks
Provides correct solution	2
Provides correct moving of one part of equation	1

Sample answer

$$C = \frac{5}{9}(F - 32)$$

$$9C = 5(F - 32)$$

$$\frac{9C}{5} = F - 32$$

$$F = 32 + \frac{9C}{5}$$

34 (iii)

Criteria	Mark
Provides correct solution	1

Sample answer

$$F = 32 + \frac{9C}{5}$$

Let C be 40.

$$F = 32 + \frac{9 \times 40}{5} = 104^{\circ}F$$

Question 35

35 (i)

Criteria	Mark
Provides correct solution	1

Sample answer

$$\text{Total weight} = (40 \times 40) + (10 \times 30) = 1900 \text{ kg}$$

35 (ii)

Criteria	Marks
Provides correct solution	2
Provides correct y-intercept	1

Sample answer

$$N = -\frac{48}{60}n + 48$$

$$= -\frac{4}{5}n + 48$$

35 (iii)

Criteria	Mark
Provides correct solution	1

Sample answer

$$N = -\frac{4}{5} \times 20 + 48 = 32$$

35 (iv)

Criteria	Marks
• Provides correct solution	2
• Provides correct description of y-intercept	1

Sample answer

The y – intercept represents how many 40 kg drums there are initially.

The gradient is the change in 40 kg drums per 30 kg drum.

Question 36

Criteria	Marks
• Provides correct solution	3
• Provides correct charge for non-peak rate	2
• Provides correct charge for peak rate	1

Sample answer

$$\text{Saving} = (\$0.26334 - \$0.12199) \times 0.5 \times 365 = \$25.80$$

Question 37

Criteria	Marks
• Provides correct solution	3
• Provides correct interest charge	2
• Provides correct monthly interest rate	1

Sample answer

$$\text{Interest} = 12\,000 \times \frac{14.5}{12} \% \times 3 = \$435$$

$$\text{Owed amount} = \$12\,000 + \$435 = \$12\,435$$

Question 38

Criteria	Marks
• Provides correct solution	2
• Provides correct substitution	1

Sample answer

$$0.05 = \frac{(10 \times 6 - 7.5H)}{5.5 \times 55}$$

$$15.125 = 60 - 7.5H$$

$$-44.875 = -7.5H$$

$$H = 6 \text{ hours (to the nearest hour)}$$

Question 39

Criteria	Marks
• Provides correct solution	2
• Provides correct probability for first red jellybean	1

Sample answer

$$\text{Probability} = \frac{4}{15} \times \frac{3}{14} = \frac{12}{210} = \frac{2}{35}$$

Section I

Question	Marks	Content	Syllabus Outcomes
1	1	Substitution	MS-A1
2	1	Complementary event	MS-S2
3	1	Percentage error	MS-M1
4	1	Scientific notation	MS-M1
5	1	Time difference	MS-M2
6	1	Absolute error	MS-M1
7	1	Pareto chart	MS-S1
8	1	Five-number summary	MS-S1
9	1	GST	MS-F1
10	1	Straight-line depreciation	MS-F1
11	1	Equation of a line	MS-A2
12	1	Income	MS-F1
13	1	Area	MS-M1
14	1	Fuel consumption	MS-F1
15	1	Numerical data	MS-S1

Section II

Question	Marks	Content	Syllabus Outcomes
16	2	Area of sector	MS-M1
17	2	Budgeting	MS-F1
18	2	Salary	MS-F1
19 (i)	1	Complementary event	MS-S2
19 (ii)	2	Multi-stage event	MS-S2
20 (i)	1	Perimeter	MS-M1
20 (ii)	2	Area	MS-M1
20 (iii)	1	Volume	MS-M1
21	2	Stratified sample	MS-S1
22	2	Algebraic expressions	MS-A1
23	2	Trapezoidal rule	MS-M1
24	2	Latitude and longitude	MS-M2
25	2	Stamp duty	MS-F1
26	2	Percentage increase	MS-F1
27	2	Mean	MS-S1
28 (i)	2	Area	MS-M1
28 (ii)	2	Capacity	MS-M1
29	2	Local time	MS-M2
30 (i)	2	Tax payable	MS-F1
30 (ii)	1	Medicare levy	MS-F1

Question	Marks	Content	Syllabus Outcomes
30 (iii)	2	Tax refund	MS-F1
31	2	Energy	MS-M1
32	2	Solving an equation	MS-A1
33	3	Inversely proportional	MS-A2
34 (i)	1	Substitution	MS-A1
34 (ii)	2	Change of subject	MS-A1
34 (iii)	1	Substitution	MS-A1
35 (i)	1	Linear relationships	MS-A2
35 (ii)	2	Equation of a line	MS-A2
35 (iii)	1	Substitution	MS-A1
35 (iv)	2	Gradient and intercept	MS-A1
36	3	Energy	MS-M1
37	3	Simple interest	MS-F1
38	2	Blood and alcohol	MS-A1
39	2	Multi-stage probability	MS-S2
